OBJECTIVE

A career in managing software development who can deploy scalable and reliable software solutions at pace and at scale. I focus on customer backward thinking.

SKILLS

5+ years of experience in building software products. Prolific in development using **Nodejs, Typescript, Python, Kotlin and Java**. My skills include full cycle of product engineering from requirement gathering to post deployment and including software testing and managing people. I have deep experience in developing reusable business workflow and UI presentation layer using Angular. Excellent communication skills, written and verbal

EXPERIENCE

TECH LEAD • SIYA TECH • JULY 2021 – CURRENT

- Created a fantasy sport application for football
- Created a logistics solution like ola.
- Created a Platform as a service for different logistics partner
- Developed a transfer pricing management system
- Developed CRM project with python and sql
- Implemented fully automated pipelines for deployment and testing
- Ensure that company SDLC process is followed by my team member

SOFTWARE ENGINEER I • COMPASS REAL ESTATE • MAY 2020 – JUNE 2021

- To speedup CI/CD pipeline with quality- **RAC**- Risk Assessment of Commit was created – which finds out how risky the commit is. No other firm other than Microsoft has that kind of infrastructure
- Create an automated service which will generate random data for automation testing and training the machine learning algorithm.
- Write data driven integration test in android.
- Build reusable code and libraries for future use

FULL STACK DEVELOPER • SIYA TECH • AUG 2016 – APRIL 2020

- Ensure best practices are followed in SDLC
- Ensure the technical feasibility of UI/UX designs
- Optimize application for maximum speed, cross-platform and scalability
- Experience of code versioning tools, such as Git, Bitbucket, GitHub
- Designing and creating RESTful and GraphQL APIs for internal and partner consumption

- Build an automated scrapper for website using python and nodejs

EDUCATION

B.E. CS • IET DAVV INDORE

CGPA: 8.4

12TH CBSE

CGPA: 8.5

CERTIFICATION

AWS CERTIFIED SOLUTION ARCHITECT PROFESSIONAL

AWS CERTIFIED DEVELOPER ASSOCIATE
